1=	Marieke van Zon	Female	75-79	4.00
1=	Dianne East	Female	75-79	4.00

- The points system is weighted on an athletes timed results against all other athletes in the event. By including all athletes we will see fair results at smaller events where there may be few participants in some age groups. Athletes points will then be transferred to their particular age group. This system is based off an international recognised system by Thorsten Radd of <http://www.trirating.com/> for professional athletes.
- Bonus points will be awarded to the top 3 place getters in each Age-Group 3pts for 1st, 2pts for 2nd and 1 bonus point for 3rd
