

TRI NZ RACE SUIT GUIDELINES

WORLDS | WTCS | CONT CHAMP. EVENTS

1. OVERVIEW

The purpose of this document is to provide clear guidance on race suit requirements for the following World Triathlon event categories:

- World Triathlon Championships Series (Elite)
- World Triathlon Championships & Multisport Championships
- Continental Triathlon Championships & Multisport Championships
- World Triathlon Para Series

Race suits in these events must comply with [APPENDIX F of the World Triathlon Competition Rules](#) and the [World Triathlon Uniform Catalogue](#). This document is reviewed regularly, the current version can be found in the document library of the World Triathlon website.

All enquiries regarding race suits should be directed to

Peter Kadar peter.kadar@triathlon.kiwi
Performance Operations Manager 027 687 5385
Tri NZ

2. General Requirements

- Logos will be measured on a flat surface when the athlete is not wearing the uniform.
- There must be a minimum clearance space of 15mm around all marks.

3. Family Name and Country Code

FAMILY NAME: Height 50mm (exactly), Length 120mm – 150mm.

COUNTRY CODE : Height 50mm (exactly), Length 60mm – 100mm

Font type: Arial

Colour: White

Letters for the family name and country code **must be in upper case**, unless the name is more than 9 letters, in which case lower case letters should be used following the first capital letter. Symbols such as '-. and space are considered as characters.

Front Position: The athlete's family name is above the country code and Sponsor Space A;

Back Position*: The position on the back is below the waistline so that it is clearly visible when the athlete is on the bike. The athlete's family name is above the country code.

**: If there is not enough space on the back, the letters may be between 40mm and 50mm provided that both lines (family name and code) are the same. This only applies to the back of the uniform.*

4. Sponsor spaces

Sponsor space A: Total space available: Height 200mm (up to), Length 150mm (up to)

- Sponsor space A1 – directly below the country code (TriNZ sponsor).
- Sponsor space A2 – directly below the TriNZ sponsor space in A1.
- Sponsor space A3 – directly below A2.

Sponsor space C – side panels. Total space available: Height 50mm (up to), Length 150mm (up to). This space is best used length wise along the side of the legs. This space must be visible from the side of the body. If, due to the athlete body, this space is partly visible from the front, it has to be visible also from the back.

Sponsor Space D – lower left or right side of uniform, but not both. Height 40mm (up to), Length 50mm (up to).

Sponsor Space E – just needs to be above the name on the back. Height 100mm (up to), Length 150mm (up to).

Sponsor space F – Upper Chest. Height 50mm (up to), Length 150mm (up to)

Suit Man

Suit Woman
